Re: Sanitary Landfill Company (IWD) Site  
1855 Cardington Road, Montgomery County,  
Moraine, Ohio

Gentlemen & Ladies:

Regarding your July 14th request for information, Please be advised we do not generate any hazardous substances nor have we ever directly disposed of any material at the above mentioned site.

Through mid 1984 our long-term refuse collector had been:  
Koogler-Suburban Refuse Removal Company,  
4080 Industrial Lane, Dayton Ohio 45430

Due to their merger,  
Our current refuse collector is:

Industrial Waste Disposal Company, Inc.  
3975 Wagoner Ford Road, Dayton, Ohio 45414

To the best of our knowledge, we do not dispose of anything irregular, only the regular rubbish including in our case many damaged and broken beer cans and bottles, the contents of which are normally dissipated.

Since 1980, we have also been disposing of a certain amount of plastic shrink-wrap used in transporting our products.

Prior to 1980, we had a 2 yard container at each of our 3 locations, which were picked up weekly.

In 1980, we increased to a 4 yard container at our Front Street location only, which was picked up twice weekly... due to the introduction of the shrink-wrap. This same type service has continued to the present.

We do carry Liability Insurance with our long-term carrier John L. MacBeth, now a division of Baldwin & Whitney, 15 East Fourth Street, Dayton, Ohio 45402.

Please let us know if further information or clarification is necessary.  
We will continue to co-operate with your agency

Sincerely,

QUALITY BEER DISTRIBUTORS, INC.

Frederick J. Besch  
President
